Meeting Invitation Text on 2020 Assessment-St. Matthews Community Center

###

How will the 2020 Property Assessment Affect You?

The Jefferson County PVA, Colleen Younger, invites you to join us for a public presentation previewing the 2020 real estate property value reassessment, to discuss the valuation process, the public's right to appeal, and the appeals process.

The role of the Jefferson County PVA is to fairly and equitably assess the value of all property. Assessments are an important component in determining property taxes, however our office does not set tax rates or collect taxes. .

The PVA office works hard to determine the accurate median property value for comparable homes, but we don't have every detail about your home. the condition of a home could mean it falls substantially below or above the median value. **That's why it's so important all property owners know about their right to an appeal.**

Please join us to learn more!
