

PROPOSED GREENSPACE IMPROVEMENTS

Indian Hills Design Manual

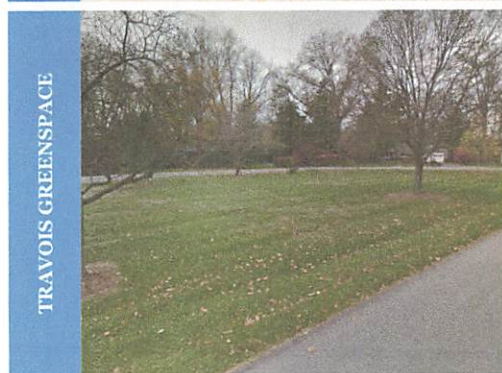

EXISTING CONDITIONS

MOCCASIN COURT GREENSPACE

SAGAMORE GREENSPACE

TRAVOIS GREENSPACE

RECOMMENDATIONS

- 1 Add new gravel walk through park space
- 2 Add pedestrian level entry columns at entries to park area
- 3 Add new native small, medium, and large trees throughout the greenspace to augment existing trees

OTHER CONSIDERATIONS:

- Additional plantings of native perennial shrubs and grasses can be added in naturalized swaths, annual and season plants should be avoided due to increased maintenance and to encourage a more 'woodland' feel.
- Tree swings and benches are encouraged in this location to add variety and activity.

- 1 Remove existing planting beds at Westwind and Indian Hills Trail and replace with sod
- 2 Add new low wall along Indian Hills Trail and align existing sidewalk to new pedestrian park entry
- 3 Add new gravel loop walk through park space
- 4 Add pedestrian level entry columns at park entry off of Westwind Road
- 5 Add new native small, medium, and large trees throughout the greenspace to augment existing trees

OTHER CONSIDERATIONS:

- Additional plantings of native perennial shrubs and grasses can be added in naturalized swaths, annual and season plants should be avoided due to increased maintenance and to encourage a more 'woodland' feel.
- Benches and tree swings are encouraged in this location to add variety and activity. Additionally the center lawn area of the loop should be kept clear of planting to allow for pickup games and lawn sports.

- 1 Add new gravel walk through park space
- 2 Add pedestrian level entry columns at entries to park area
- 3 Add new small flowering trees throughout the greenspace to augment existing trees and create lovely spring flowering allee

OTHER CONSIDERATIONS:

- Additional plantings of native perennial shrubs and grasses can be added in naturalized swaths, annual and season plants should be avoided due to increased maintenance and to encourage a more 'woodland' feel.
- Benches and tree swings are encouraged in this location to add variety and activity. Additionally the center lawn area of the loop should be kept clear of planting to allow for pickup games and lawn sports.
